Assistive Technology
State & Federal Policy
Legislative Process
Organizing for Change
Planning for Transitions

The AZ Partners in Leadership program is designed to provide information, training, resources and skill building to young adult self-advocates and the parents of children with disabilities so that they can become better advocates for themselves or their children.

Participants will have an opportunity to meet and unite with others who have similar concerns to create a powerful voice on important issues.

Participants learn how the legislative process works at the local, state and national levels. The goal of the training is to develop productive partnerships between people who need and use services and those in a position to make policy and law.

ONE Community Working Together

Funding for this project was made possible in part, by ADDPC-FY14-GP-00-02 from the Arizona Developmental Disabilities Planning Council. The views expressed in written materials or publications and speakers and moderators do not necessarily reflect the official policies of the ADDPC or the U.S. Department of Health and Human Services, nor does mention of trade names, commercial practices, or organizations imply endorsement by the U.S. Government.
